### GRAPHIC NOVEL GENRE

- This year we have written about and discussed character motivations, setting, theme, illustrations, and an author's use of language and vocabulary. Choose 2 or 3 of these topics to write about today. How are these ideas presented differently in graphic novel format? Are there some ideas that are presented in the same way as a novel? How? Begin by telling which book you have chosen to read. Refer to specific books that we have read this year to support your ideas and strengthen your comparison. Conclude by telling how you feel about this writing style and why.
  - Write at least 5 sentences.
  - Include a topic and concluding sentence.
  - Include at least one reference to a specific text we have read earlier this year.

**GROUP PROJECT** Please refer to the list that you made on your Group Responsibilities sheet to complete this assignment. I will check with you during group work time next week to see if you completed your responsibilities for the week.

You will have one more class period to work with your group. The final project will be presented on March 15.

Please email with any questions.
